

Parents as Partners

The primary leadership team shared some of the key differences that are in place for primary children this year: one of the main alterations for parents has been to the organisation of the timetable, with the prime morning learning time spent with their class teacher focusing on our key curriculum subjects of Phonics, Maths and English. They stressed the 'In & On Time; for learning and 'Fueled up for Learning' project as every day starts with Phonics at 8am. Additional teaching time is also allocated to these core subjects to enable teachers to continue to target and fill any gaps left remaining from the impact of the pandemic. All other subjects are included in the weekly timetable, including STEM which we know was very popular last year with both children and parents which commences for years FS2 – year 2 after half term and then will switch to years 3 to 5 from February to June.

The primary leadership team was also able to share with you some of the details of the 'Talk for Writing' approach to writing and the White Rose Maths programme. All baseline assessments will be complete before the half term break and this data will then inform various interventions planned to support children's learning. In addition, we were able to explain a few headlines about the exciting 'Positive Discipline' approach that we have commenced as a whole school. All of these key priorities this term are supported by additional workshops for parents on the following dates:

- 20th October: 8.30am: Positive Discipline for Parenting
- 3rd November: 8.30am: Phonic: How to practise Phonics at home with your child
- 17th November 8.30am: Maths: How to support your child in Maths
- 1st December 8.30am: Writing: Help your child write.

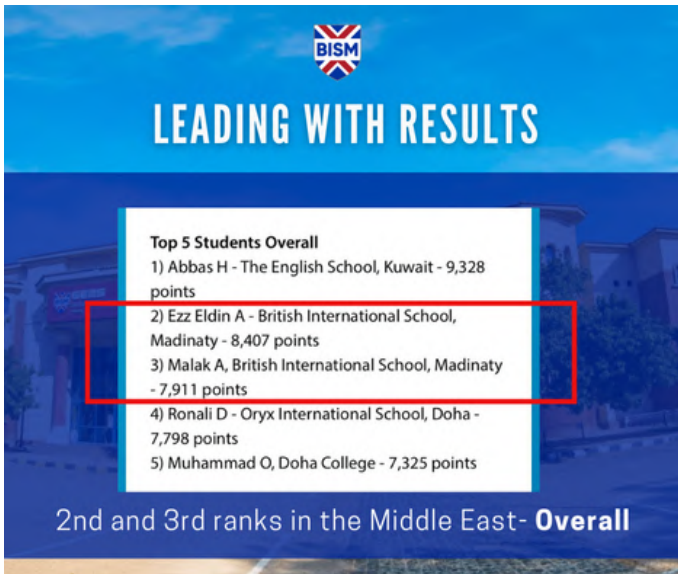

BSME LEARNING FESTIVAL

BISM is very excited to be participating in the BSME learning festival online event. The BSME Learning Festival is an exciting 3-day event aimed at years 7-9 school students in the BSME school network. It aims to encourage engagement and learning through friendly competition and an array of fun, interactive learning activities. The festival will be open from Tuesday 4 October (6am Cairo time) until Thursday 6 October (5pm Cairo time) 2022 and involves English (first language), Maths and Science. We were extremely successful last year and very proud of our students' achievements. I am confident our Y7, Y8 and Y9 students will do amazingly this year.

Score: 1,677 points

1st rank in the Middle East- **By Subject**

Ezz Eldin Osama
2nd rank overall

Malak Ahmed
3rd rank overall

Omar Ahmed
Top student in Maths

CONGRATULATIONS!

BISM EAGLES ARE READY TO SOAR

BISM PE Department have been busy reminding returning students of the BISM Teams they played for last academic year and have been holding trials at lunch times for new students. They are looking for students who see in themselves passion and talent for a specific sport such as football, basketball, swimming and athletics and would be proud to be a BISM Eagle. The PE Department will hold after school training for U11, U13, U16 and U18 teams this academic year.
