

BISM UNIVERSITY FAIR

The university fair is part of the student counselling program at BISM to help students choose the most suitable subjects for their career of choice. More than 20 universities were invited to give our students full information about the different career opportunities available nowadays. All universities provided full information about universities' requirements, and the special offers they have for BISM students.

Baheya Hospital Visit

BISM student council and class reps have paid a visit to Bahyaa hospital for treatment and early detection of cancer. They were able to experience GEMS jewels of kindness and empathy as they donated the money that they have raised from different charity events, visited the cancer fighters, and learnt about the hospital volunteering program to support cancer patients.

The final primary Student councils and class reps meeting in the first term turned into a pizza party! A thank you meeting for their support, help and voice.

ANGLO- SAXONS DAY

To celebrate their learning about the Anglo- Saxons, the Year 4 students took part in an Anglo-Saxon themed day last week. Children got creative and came to school wearing Anglo-Saxon style clothes and invited other year groups to visit their display of artefacts. They also cooked honey shortbread together using ingredients that were available to the Anglo- Saxons. The day ended with a feast of Anglo- Saxon types of food, so definitely no doughnuts, chocolate or pizza!

VICTORIANS ROLE PLAY

Year 5 proudly displayed the work they completed this term. There were diary entries from children who endured terrible days in school or in a workhouse.

Year 5 learned the difference between how students were treated then compared to now. They got to spend some time experiencing what Victorian schools were like. They had to write on slates and tried to avoid wearing the Dunce's hat.

Year 5 presented a fantastic assembly that included freeze frames and different acting scenes depicting a typical day in a Victorian classroom and workhouse for assembly. They then wrapped it up with the Victorian song that they have been practising.

Well done everyone!

Y2 TRIP TO FAMILY PARK

A trip to the family park was one of our students' favourite occasions with us. plenty of entertainment, activities, zoo animals, education, and most importantly, family bonding and enjoyment.

FRENCH DELF EXAMINATION

Last April, 18 students took the French Delf examination. Delf stands for: Diplôme d'Etudes en Langue Française and they are official diplomas awarded by the French Ministry of Education to certify candidates' proficiency in French. They are not compulsory in the British curriculum but are an opportunity for the students to extend their knowledge in the target language.

Students have been waiting for their certificates for many months and we finally received them last week from the French Institute.

We are all happy to celebrate their great dedication and achievement.

A huge well done to the students who took A1.1 Prim: Reyansh Singh, Yassin Mohamed, Jodie Mohamed, Yehia Wael, Habiba Ahmed, Aisha Ahmed, Yusuf Doha, Mariam Faisal, Mohamed Wael, Tamara Hossam, Lalee Karim, Haneen Eslam, Lilian Walid and A1 Junior: Abdullah Sherif, Mohamed Mostafa, Sara Mohamed, Hana Zeyad, Waad Ali.

Encore Bravo!

Year 4 students enjoyed a trip to Fagnoon where they took part in some activities that supported their learning about the Anglo-Saxons. They were able to make clay pots by hand, experienced weaving and made bread. The location of Fagnoon is within a farm, so the students were also able to observe farmers collecting crops by hand and saw some of the animals that lived there. Life for the Anglo-Saxons was certainly harder than our life today!
