

French Day

Vive le français!

Last Thursday, we had our annual French Day to celebrate French culture and French language! The whole school took part, from EYFS to secondary. Everyone looked amazing, dressing up “the French way” wearing the colours of the French flag, stripy tops, French football team T-shirts and the French hat béret.

Throughout the day various activities took place:

Year 3 to 5 presented a wonderful assembly with French songs, stories and dances.

Students also were encouraged to take part in a quiz competition to test their French knowledge and were also able to play the French ball game “La Pétanque”.

Secondary classes also took part in a poster competition, showing their creativity of what they think represents France or a French speaking country.

They ended up the day having a dish party with mainly French food and doing a quiz to check their French language and cultural knowledge.

Nous avons passé une excellente journée! The French Department would like to thank all staff, parents and pupils who made this day so memorable!

A l'année prochaine!

Importance Of Bedtime Stories Parents' Workshop

Bedtime stories are the best quality time to have with your child boosting your little reader's pre-reading skills.

In this workshop, parents got to identify how we learn to read, and why oral language and background knowledge are essential to their child's overall academic progress. Just 20 minutes a day of fun interactive storytelling, or story reading will make your child "not only read but also succeed".
