

BSME FOOTBALL TOURNAMENT AT QATAR

Our students proudly represented the school in one of the most challenging sports competitions they have ever attended, BSME U13 and U15 football tournament that was held in Qatar this month. The students competed against 12 other schools on each day and showed very impressive sportsmanship. They did face a unique experience as it was the first time away from the comfort of their homes and families. They faced new challenges, playing against experienced footballers, meeting different nationalities and showed resilience that exceeded our expectations. Even at tough times when victory seemed hard to achieve and their moral was low, they never gave up, got back on their feet and showed amazing resilience. The whole experience was very emotional and we can't be more proud of our BISM students! Our Eagles were soaring high at the BSME competition, a well-deserved congratulations to our Under 13 girls team for coming second out of 10 schools in their very first BSME games.

STUDENTS' REVIEWS

It was really fun. It was a good experience; to see people from other countries. It was very interesting and I got to bond with my friends.

Lara Ayman year 8

It was a really hard competition but it was fun to be able to compete against all those people from different places.

Abdelrahman Serag year 8

It was nice but very short. It was exciting to watch other schools play and our school compete against them even in the games I didn't play.

Kareem Faraag 6A

The experience was amazing and I got to spend a lot of time with my friends without my parents. I believe it is good for my future as now I feel I am more responsible.

Adam Ahmed 6A

It was honestly a great experience, especially when we went to the mall. We saw how different the culture and things in Qatar are than in Egypt. All players tried their best, and we would love to do this again, and we hope we do better next time.

Hussein year 9

DLEF Certificate Achievers

Last March, 12 of our students took the French Delf examination. Delf stands for: Diplôme d'Etudes en Langue Française and they are official diplomas awarded by the French Ministry of Education to certify candidates' proficiency in French. They are not compulsory in the British curriculum but are an opportunity for the students to extend their knowledge in the target language.

Students have been waiting for their certificates for many months and we finally received them last week from the French Institute. We are all happy to celebrate their great dedication and achievement.

A huge well done to the students who passed:
 A1.1 Prim: Youssef Ahmed, Malek Ahmed, Malika Ahmed, Alizah Jawad, Yehia Mohamed, Farah Mohamed and Maria Nikolaos
 A1 Junior: Nooreldin Amr, Engy Khaled
 A2 Junior: Sereen Saleh, Abdullah Sherif and Hana Zeyad

Encore Bravo!

We are extremely proud of you all and we are looking for more amazing achievement this year!

Hayah Art Competition

We are thrilled to announce that BISM is participating in the Hayat Art Competition! Our young artists will compete against other students from 66 schools.

Participation in art competitions is a great way to showcase our artistic talent and potentially win prizes or recognition.

This year the art competition is about Preservation versus Innovation in this era of rapid technological advancements and breakthroughs. We find ourselves yearning for the simpler past while embracing the future. Students were encouraged to preserve the past with all its glory and learn lessons and how it affects the present and future.

Winners will be celebrated in February 2024, Stay tuned!

Quote from Mrs. Dareen Omar: "Participating is not just for winning, participating is an honour of trying and expressing your ideas proudly"
