

EEP CUP

A Week of Unforgettable Triumphs

The EEP Cup 2024 was a remarkable showcase of talent, determination, and sportsmanship from our BISM Eagles. Over 15 schools joined us at BISM, where our athletes displayed unmatched skills across multiple sports. Proud of our incredible achievements and a huge thanks to Elano Water, Samsung, and Edita for making this event even more vibrant and memorable! Across a week of thrilling competition, our athletes soared to incredible heights, achieving outstanding results in multiple sports.

Key Highlights:

- **Football:** U16 Boys 1st, U16 Girls 1st, U14 Boys 3rd, U14 Girls 2nd
- **Basketball:** U16 Girls 1st, U14 Boys 1st, U14 Girls 3rd
- **Volleyball:** U16 Girls 3rd, U14 Girls 3rd, U14 Boys 3rd
- **Athletics:** 2nd Overall

A huge thank you to our coaches, parents, referees, and staff members for supporting, inspiring and empowering our Eagles to excel.

Here's to more victories ahead!

Working Together Week

From November 10th to 14th, BISM celebrated Working Together Week with great enthusiasm! The week was filled with activities promoting kindness, respect, compassion, helpfulness, and empathy, as students united against bullying. Each day featured a unique theme and home-school projects. Students shared heartfelt Kindness Notes, wore their creative Sapphire Badges for respect, and proudly displayed their handmade Emerald Wristbands symbolizing compassion.

The excitement continued with vibrant Topaz Headbands for helpfulness and concluded with a fun Odd Socks Day paired with Ruby Wristbands for empathy. The week was a wonderful success, fostering stronger connections within our school community and reinforcing the importance of positive relationships. A big thank you to our students, staff, and parents for making this week so meaningful!

Secondary Anti-Bullying Parent Workshop

BISM school hosted an antibullying workshop aimed at equipping students and parents with effective strategies to combat bullying. Led by our dedicated school counselor, Mr. Sherif Othman. The session highlighted the importance of fostering a supportive environment and open communication. Parents shared their personal experiences, illustrating the real-life challenges of bullying. In response, the counselor provided practical solutions, such as encouraging students to speak up, promoting empathy among peers, and establishing clear consequences for bullying behavior. Together, we explored ways to build resilience and create a culture of kindness within our school community. Thank you to everyone who participated in this essential dialogue!

Primary Anti-bullying Parent Workshop

Primary Anti-Bullying Workshop spotlighted our unwavering commitment to fostering a safe, respectful, and inclusive environment for all students. Through interactive activities, parents and students explored the differences between bullying and relational conflict, identifying key signs and understanding effective prevention strategies. The workshop shed light on the various forms of bullying—emotional, physical, social, verbal, and cyber—and emphasized the role of bystanders, defenders, and educators in combatting it. Our Anti-Bullying Policy promotes zero tolerance, ensuring every child feels valued and supported. Practical solutions, like restorative practices and safe reporting mechanisms, were highlighted. Let's stand united to build a bullying-free community!

Year 9 Options Evening

BISM recently hosted an insightful Options Evening for Year 9 parents and students. This event provided an opportunity to explore the wide range of subject choices available for the upcoming academic year. Teachers and advisors were on hand to offer guidance, answer questions, and explain the pathways to success. The evening emphasized making informed decisions that align with students' interests, strengths, and future aspirations. By understanding the options, families can work together to choose subjects that best support academic and career goals. Thank you to all who attended—we're excited to support our students on this important journey! Together, we are building the foundation for their future success. Let's make every choice count.

Injaz Workshop

Islam Khalil, Entrepreneurship and Innovation Manager at Injaz Egypt, briefed our upper high school students about The Company Program. This educational program engages students in the practicalities of entrepreneurship, business management, and financial literacy. It encourages participants to form their own student-run companies within a structured framework. Over a set period, students engage in a hands-on learning experience, delving into essential aspects of business such as business plan development, market research, product creation, sales strategies, financial management, and team collaboration. The curriculum is enriched by volunteer mentors, who guide and share their expertise. The program typically culminates in students presenting their companies and achievements at a final event or showcase.
