Happy Mother's Day To All BISM Moms

You let me know you love me
In so many different ways.
You make me feel important
With encouragement and praise.
You're always there when I need you
To comfort and to care.
I know I'm in your thoughts;
Your love follows me everywhere.

PARENTS MEET AND LEARN

Our children are facing many pressures today that we as parents never had to deal with when we were young. They are growing up in an age of technology that impacts their mental health and our children have faced a pandemic that will have far reaching affects in the future. For those parents and students who had the opportunity to listen to Dr Hala or Ms Shahira over the last two weeks will have been given strategies to keep themselves and their children safe and well.

BISM FRENCH DAY

Learning a language is not easy for many of us. Our French department at BISM organized a day of activities that brought the language alive and encouraged our students to see the value of another language and use it outside the classroom.
